c. **GENERAL RULES OF THE GAME**

- i. **Starting and Stopping Play:** The “HOME” team will have first possession of the game. To begin play, the defensive players MUST remain outside of the center circle or 10 yards from the ball, within their half of the field. Offensive players will be permitted to be inside of the circle for the kick off. The referee will sound the whistle to indicate the start of the game. The kick-off is considered a direct kick in which a legal goal can be scored without contacting another player. On the initial kick, the ball must travel in any direction to begin play, and the kicker may not contact the ball legally again until after another player has touched the ball. Stoppages of play will occur in the following situations; fouls, infractions, and when the ball goes out of bounds on the side line or end line. Balls crossing completely over the end line will either result in a corner kick (offensive possession) or goal kick (defensive possession). Balls completely crossing the side line will result in a “pass in” at the 5/6 and 7/8 age classifications and a “throw in” at all age groups 9 years and up. Instructional divisions will alternate kicking off to begin quarters, and recreational divisions will alternate kicking off at the half.
- ii. **Changing Ends:** Teams will change ends of field at the half.
- iii. **Scoring:** A goal is scored when the ENTIRE ball has legally crossed the goal line, between the goal posts and under the cross bar, provided it has not been thrown, carried or intentionally propelled by a hand or arm of a player on the attacking side. After a legal goal is scored, the game will restart with a kick off at center field by the team yielding the last goal.
- iv. **Goal Kicks:** Awarded when the ball COMPLETELY crosses the defensive end line after being touched by an offensive player, taken by the defensive team.
- v. **Corner Kicks:** Direct kicks, which are awarded when the ball COMPLETELY crosses the defensive end line after being last touched by a defending player, which are taken from within or on the corner arc by the offensive team.
- vi. **Direct Kicks:** Free kicks that may be legally struck directly into the goal and are not required to contact another player prior to being scored. Direct Kicks are only applicable at or above the 9-10 age classification. Direct kicks are awarded at the official’s discretion when it is deemed that a player has committed an offense that is considered careless, reckless, or with excessive force. Examples of offenses for which a direct kick can be awarded include; kicks or attempts to kick an opponent, trips or attempts to trip an opponent, jump at or into an opponent, charging violently or in a dangerous manner, strikes or attempts to strike an opponent, intentionally holding or pushing an opponent, and handling the ball deliberately.

*Note: If any of the above offenses are whistled within the penalty area, a penalty kick will be awarded.

- vii. **Indirect Kicks:** Free kicks that **MUST** be touched by another player prior to a legal goal being scored. Examples of offenses that may call for an indirect kick include; intentional dangerous play, obstruction (shielding the ball from a player without established possession or position), interfering with the goalkeeper, delay of game tactics, two consecutive touches by the same player on a kick off, free kick or throw in, dissents by words or actions regarding an official on-field ruling.

*Note: Indirect kicks are used for all infractions at the 5-6 and 7-8 age classifications.

III. **M CPRD POLICIES & PROCEDEURES**

- f. **Overtime.** During the regular season, when recreational division games have a tied score at the end of regulation time, a five (5) minute overtime period will be played. game.* If any team forfeits three (3) games in a season, they will be subject to dismissal from the league, pending review by Youth Sports and/or the Focus Team Group. All CRCs and Head Coaches should make best effort to inform their local Facility Manager and/or Youth Sports with as much notice as possible when they know they cannot field a team. *NOTE: MCPRD site staff reserve the right to have final authority/decision making on all potential forfeit situations dependent upon extenuating circumstances which may have caused the forfeit.

BUILD OUT LINE. New to USA Player Development Initiatives in 2017, the BUILD OUT LINE promotes playing the ball out of the back in a less pressured setting. **When the goalkeeper has the ball in their hands during play, the opposing team MUST move behind the BUILD OUT LINE until the ball is put into play. Once the opposing team is behind the BUILD OUT LINE, the goalkeeper can pass, throw or roll the ball into play (punts and drop kicks are NOT allowed).** If a goalkeeper punts or drop kicks the ball, an indirect free kick will be awarded to the opposing team from the spot of the foul. If the punt or drop kick occurs within the goal area, the indirect kick should be taken on the goal area line parallel to the goal line at the nearest point to where the infringement took place.

The goalkeeper can put the ball into play before the opposing team is behind the BUILD OUT LINE, accepting the positioning of the opponents and the consequences of how the play resumes

Once the ball is put into play by the goalkeeper, the opposing team can cross the BUILD OUT LINE, and play resumes as normal.

The BUILD OUT LINE will also be used to denote where offside offenses can be called. Players cannot be penalized for an offside offense between the halfway line and the BUILD OUT LINE. **Players can be penalized for an offside offense between the BUILD OUT LINE and goal line.**

To support the intent of the development rule, coaches and referees should be mindful of any intentional delays being caused by opponents not retreating in a timely manner or encroaching over the BUILD OUT LINE prior to the ball being put into play. Coaches are responsible for addressing these types of issues with players. Referees can manage the situation with misconduct penalties if deemed necessary. However, referees should be flexible when enforcing the 6-second rule and counting the time of possession should only begin when all opponents have moved behind the BUILD OUT LINE.

VI. PROTESTS.

- a. **Protests WILL NOT be honored.**
- b. **Conflict Resolution & Chain of Command.** Should a conflict occur AND no decision is rendered by the onsite athletic staff, then the Focus Team Group will immediately schedule a meeting or conference call to make a final ruling. Order of decision making;
